Logo added permanently to thank-you sticker on table & chairs
During the Coronavirus Pandemic, learning has suffered. Public institutions are closed, schools scrambled to do remote learning, and although digital learning tools are abundant, kids are cut off from their community and in-person learning events. GLCM is confident we can deliver some much-needed interaction in a safe way, but we need your help to make it happen. Help us reconnect our community's learning infrastructure by sponsoring this event series.

Here's what we need:
- A new Mobile Museum banner
- Tables and chairs for activities
- Signs telling families how to be safe
- New graphics for our trailer
- Signs promoting further events
- A mobile donation station
- Sanitization supplies
- Event Supplies
- Seed money for new mobile exhibits

We could go so much further (With your help!)

This sponsorship goes far beyond a series of events this year. GLCM's goal of extending education beyond our walls was already starting to be realized. Now we have an opportunity to go big in future years too, with events around the region and mind-blowing mobile exhibits. Sponsoring the 2021 series means planting a seed - one with the potential to grow into something big.
