Michigan Legacy Art Park will help families create whimsical figures of birds and animals they might encounter when hiking in Michigan's woods. Completed figurines will be installed together in a tapestry-like arrangement at the Art Park's entrance. The goal of the annual large-scale artworks is to give as many individuals, of all ages, from as many counties in Michigan as possible, a chance to contribute to the artwork.

Did you ever wonder what it would be like to live and work on the Moon? During Spring Break, The Curiosity Place will host a multitude of Moon experiences. Kids 4 yrs and up will be immersed in and challenged by our "Moon-i-verse" action stations. First, find out what it takes to get to the Moon and then move on to what the moon is made of. Discover what you will need to survive and thrive on the Moon, our nearest neighbor in space.

***Saturday 3/29, 10:00am to 11:00am: Family Improv Show and Workshop w/Full Tilt Comedy***

The Full Tilt Comedy Improv players bring stories, characters, and scenes to the Children's Museum for a show intended for an all-ages audience. We'll make up scenes and stories, on-the-spot and in-the-moment, all based on your, the audience's, suggestions. Then, anyone who wants to learn some improv games will be invited to join us for playing together in a circle. We'll create never-been-told stories and characters together. It's all about listening, agreeing and simply playing! That's improv! Must be Preschool age and up to attend.

[Registration is required to attend the hour-long session. This workshop is free to the public and includes museum admission.](#)
